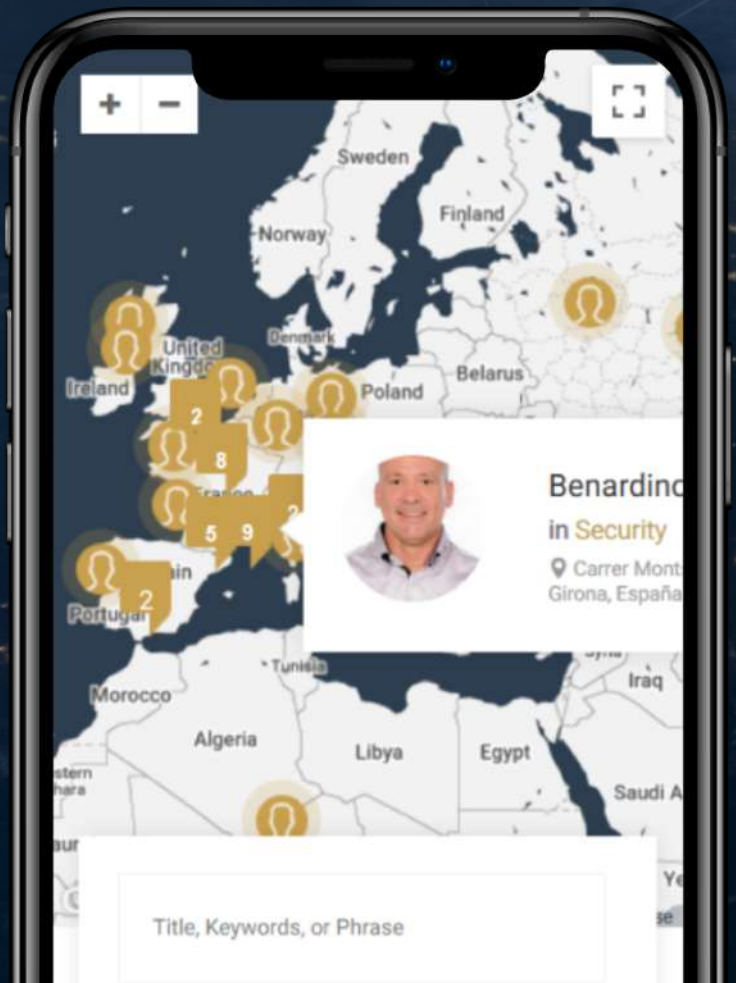
Our Strategy

OUR THREE-STEP DEVELOPMENT STRATEGY



1. **Sourcing and centralization:**
   - Human
   - Technology
   - Information
   - Partnerships
   - Clients

2. **Structure.** Data selection, processing, analysis.

3. **Harmonization.** System adaptation to local and territorial standards.

Objective: to become one of the key global players in the management of real-time and paperless security operations.

At the present time, the three stages are at an advanced stage of development
